Cleghorn Waring
Icknield Way
Letchworth
Herts SG6 1EZ

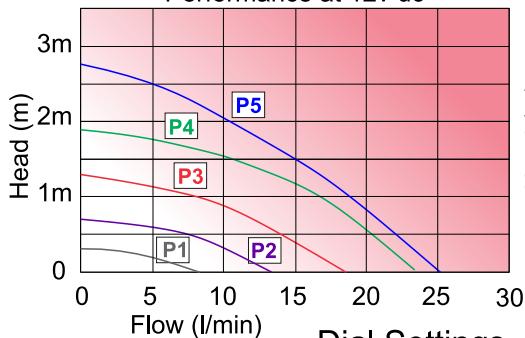

- Long life "brush-less" DC motor
- Seal-less magnetic drive pump
- Up to 30,000 hours life
- Voltage range from 8 to 24v DC
- Adjustable power consumption - high efficiency (0.25 to 1.7amp)
- Variable flow - 5 settings
- Non-corroding materials
- Temperatures up to 80°C
- Operates in system pressures up to 10 bar
- Suitable for hot water systems and water glycol mixtures

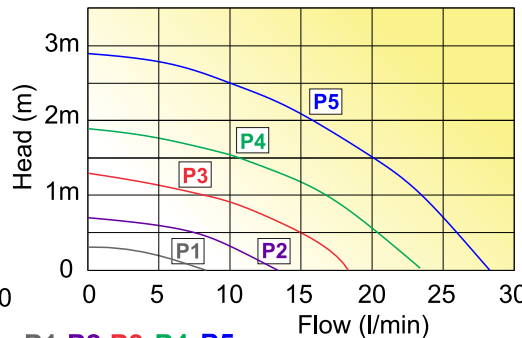

Pump & bracket assy

Performance at 12v dc

Performance at 24v dc

Dial Settings - P1, P2, P3, P4, P5
